

CA-2460 & CA-1350 Cutting Attachments

DURABLE PROMIX™

Proven design and precision machined parts insure maximum performance and long lasting heat and flashback resistance.

HIGH PERFORMANCE EQUAL PRESSURE MIXER

Generates maximum pre-heat flame and cutting temperatures. Rugged mixer design stands up

to all types of adverse conditions, improper settings and heavy reflective heat applications.

USE ANY FUEL GAS – PROMIX™ UNIVERSAL MIXER

You'll get high performance with all fuel gas types by simply selecting the proper tip for your selected fuel gas.

LESS DOWN TIME

Increase your efficiency and productivity by spending less time on consumables replacement and repair with longer lasting American Torch Tip equipment.

100% TESTED

All American Torch Tip products and ProMix™ mixers are 100% leak and/or flashback tested.
